## **Service Foods CEO Selected to Prestigious List of Top 35 CEOs in the Country**

**After Being Selected to *Inc.* Magazine's Annual List of America's Fastest-Growing Private Companies, Service Foods CEO is on Inc. 5000 CEO Panel.**

**ATLANTA, September 30, 2009** – Following the announcement of Inc. 5000 winners last month, *Inc.* magazine has invited the top CEOs of winning companies to appear in a CEO panel luncheon during the Inc. 5000 Conference in Washington, D.C. Keith Kantor of Service Foods participated in this invite-only CEO Project luncheon meeting with successful CEOs from around the country, discussing best practices, benchmarking and research surrounding the fastest-growing companies.

The 35 CEOs who attended the *Inc.* CEO Project luncheon are innovative leaders whose companies compete in dynamic, expanding industries. Possessing superior business and profit models, these private companies with revenues greater than \$25 million have demonstrated outstanding growth over the past five years. All of the CEOs are exceptional individuals who are driven to achieve rapid, profitable growth for their companies, while raising their own levels of performance.

Kantor was selected to the panel for being an innovative visionary whose company was on the Inc. 5000 list 2 years in a row, which is a rare achievement. Less than 2% of the businesses in the Inc.5000 repeat this feat. Furthermore, Service Foods is a “green” company that practices environmentally-friendly methodologies, while achieving profitable results. With a three-year revenue increase of 306%, despite the recession, the Company has created more than 60 new jobs in Atlanta and in surrounding communities. Kantor was recently a panelist at the Green Business Expo in Atlanta, where he shared tips for “going green,” while increasing the bottom line.

“Being asked to participate in the CEO roundtable discussion is a great honor and privilege,” commented Kantor. “I’m proud to represent Service Foods and to be in such exquisite company of top business thinkers and leaders of our nation. The goal of Service Foods has always been to help those in our community eat better, and live healthier, longer lives.”

Service Foods offers a full line of organic and all natural foods, free from growth hormones, preservatives, steroids, antibiotics and colorings. The Company provides free delivery directly to customers’ homes. In addition, dietitians, nurses, visiting doctors, and fitness experts are on staff to counsel clients in leading a healthier lifestyle. Service Foods has been in business since 1981 and is based in Atlanta, GA, with warehouses in several states.
